lauckgroup Selected to Design Hunton & Williams New Dallas and Austin Offices
-Leading Law Firm Dramatically Expands in Texas -

Austin, TX—lauckgroup, Inc., an interior architecture firm with over two decades of experience, is designing new Texas offices for leading corporate law firm Hunton & Williams LLP. The firm is moving to a 140,000-square-foot office in Dallas and expanding to Austin, Texas with a new 13,250-square-foot downtown office.

“Our goal was to create a space that expressed the culture of Hunton & Williams. With the firm, we envisioned a light-filled work environment that is streamlined and classic. We also sought to create a sense of community through informal meeting areas,” said Brigitte Preston, design principal, lauckgroup.

Key design objectives for the Hunton & Williams offices include incorporating classic law firm elements and adding progressive finishes, including resins and additional glass panels to leverage daylight throughout the space. Numerous technology elements are being incorporated into the space, including a state-of-the-art video conferencing center. New break rooms and informal meeting areas were added to both offices.

lauckgroup has designed law offices for a number of leading firms, including Carrington Coleman Sloman & Blumenthal, Dallas; Jenkins & Gilchrist, Austin, Texas; Baker Botts, Austin, Texas; Locke Liddell & Sapp, Dallas, Austin, Texas, New Orleans; and Weil Gotshal & Manges, Dallas.

About Hunton & Williams

Hunton & Williams LLP has more than 975 lawyers in 19 offices around the world, providing legal services to corporations, financial institutions, governments and individuals, all focused on a single goal: to serve our clients’ interests to the best of our abilities. While our practice has a strong industry focus on energy, financial services and life sciences, the depth and breadth of our experience extends to more than 60 separate practice areas, including bankruptcy and creditors rights, commercial litigation, corporate transactions and securities law, intellectual property, international and government relations, regulatory law, products liability, and privacy and information management.
